Brewers 10k & 5k - Sunday 29th October 2023

We are writing to inform you about the Brewers 10k & 5k, taking place on Sunday 29th October 2023. The route of this event passes by or near your property (course map attached) and we would therefore like to give you as much detail as possible about the event and its timings so as to minimise any potential disruption.

The race has a start time of 09:00 AM and an expected race finish time of 11:00 AM (detailed timings of race stages are included on the next page). We are expecting there to be around 1000 runners participating in the event this year.

In light of this event, there will be traffic management procedures in place on the morning of the event. These procedures have been designed to offer minimal disruption and will be managed by an expert Traffic Management company that will reopen roads as soon as possible and provide appropriate diversions during disrupted times between 8:30am and 11:00am. If you will be expecting home-carers to visit your household on the morning of the event then please get in contact with us by emailing midlands@runthrough.co.uk so we are able to create access contingency plans for you.

RunThrough Events have previous experience of organising mass-participation running events such as Gateshead Half Marathon, Northampton 10k and Run Alton Towers festival which help to raise vast amounts for various charities. Brewers 10k & 5k would be happy to support local charities by offering charitable entry places for the race, for more information please contact midlands@runthrough.co.uk.
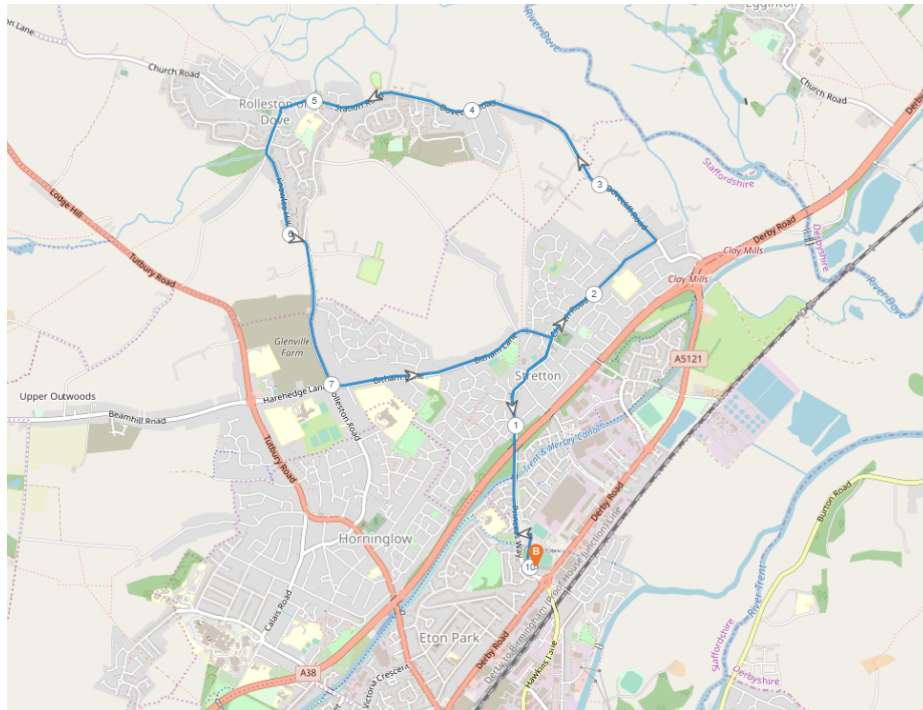

We are happy to offer all residents living on the race route a free entry to the race as a token of our appreciation of your understanding of the slight disruptions caused by this event. If you are interested in claiming your free entry, please email midlands@runthrough.co.uk.

Overleaf is a map of the route with a further breakdown of estimated times of runners.

Yours Faithfully,

Brewers 10k & 5k Events Team
